React | TypeScript | JavaScript(ES6+) | Redux | Zustand | TanStack Query/Router | Tailwind CSS | React Hook Forms | HTML | CSS | SCSS | WebPack | Vite | GSAP | Jest | REST API | Git | Wordpress | WooCommerce | PHP 7+

Experience

Front-end Developer (React / TS)

InsulaLabs

Remote – 01/2024 - Current

Stack: TS, React, Redux, Tailwind CSS.

Team: 3 FE, 2 QA, 2 Designer, 1PM

Tasks:

- Developed reusable components for a product platform .
- Built single-page applications (SPA) aimed at attracting and engaging new clients.
- Fixed bugs and improved existing components, aligning them with the design system.

Front-end Developer

EverestMedia

Remote – 09/2022 - 01/2024

Stack: JS, HTML, CSS, SCSS, GSAP, Wordpress

Team: 5 FE, 2 BE, 2 Designer, 4 QA, 1PM.

Tasks:

- Development of multi-page websites for the company's product sales. Participated in all stages of the project: from concept approval to final development.
- Creation and integration of new functionality for the company's existing e-commerce websites.

Achievements:

- Introduced a component-based approach for standard elements repeated across product websites. This saved **12 to 20 hours** of development time per website.

- Department for Reserve Officer Training

National Transport University

Ivan Chernyakhovsky Ukrainian Defense University

Kyiv • 2017 - 2024

Kyiv • 2020 - 2022

What I'm Looking For

I strive to join a company with a modern technology stack such as React, TypeScript, and Next.js, where I can develop high-quality products and improve my skills. I want to work on projects that have a significant impact on the product and the business.

It is important for me to be part of a professional team that values collaboration and creates valuable solutions for users. A flexible schedule and the possibility of remote work are also priorities for me.
